

Asia, Selfish

Let's start by correcting ya tone
Lower ya finger,
Don't be coming at me
With condescending demeanor
We both know ya dead wrong
And what makes it worst ya dont even have
The nerve to ever say that your sorry
Your never wrong and im never right
And you win all the rounds in every fight
That's why
Can't stay another day
When ya always gettin' your way
You just keep gettin' your way,
You just keep gettin' your way ,
Ya selfish
So I decided not to get in your way
It's time to do it my way
And that means gettin' away from you,
Ya selfish
How is it that you could look at us
And only see you
You could look at one,
But never would you ever see two
You could live a lie and never be true
It's so funny now how clearly I can see you
Ya never wrong and I'm never right
And you win all the rounds in every fight
That why
Can't stay another day
When you always gettin' ya way,
You just keep gettin' your way,
You just keep gettin' your way,
Ya selfish
So I decided not to get in your way
It's time to do it my way
And that means gettin' away from you,
Ya selfish
No we don't need to talk
Ain't nothin' left to say
You got everything you want
Go ahead and have ya cake
I know it's best for me
We go our seperate ways
Leavin' you is everything
Even all the pain
Can't stay another day
When you always gettin' your way
You just keep gettin' your way,
You just keep gettin' your way,
Ya selfish
So I decided not to get in your way
It's time to do it my way
And that means gettin' away from you,
Ya selfish
Can't stay another day
When ya always gettin' your way,
You just keep gettin' your way,
You just keep gettin' your way,
Ya selfish
So I decided not to get in your way
It's time to do it my way
And that means gettin' away from you,
Ya selfish
Can't stay another day

When you always gettin' your way,
You just keep gettin' your way,
You just keep gettin' your way,
Ya selfish
So I decided not to get in your way
It's time to do it my way
And that means gettin away from you,
Ya selfish!
