

# Asian Dub Foundation, Strong Culture

I grab the mic  
To commence with the mic check  
Supply rhymes, man you've never heard yet  
You never thought an Asian could do this  
Well you're wrong  
Wrong again  
Hardcore!  
That's what I wanna be  
All over the white world  
Yes they'll remember me  
Don't look at me as an Innocent bystander  
Because I'll scare you after dark ...

Master D Adlib

Paki bashing  
That's what I call fucking racism  
And you can tell I'm a fucking Paki lover  
Day to day  
Night to night  
Persecution with a capital P  
Racism with a capital R  
Man I've seen your scar  
I've seen your scar  
You expect me to sympathise  
The hell no!  
You don't know the price that we're paying

Master D Adlib

What you see is no mirage  
Asian guys and girls comin large  
Straight from the East  
Tough!  
And coming like a beast  
Guys who are very keen and showing ability  
Tranquility, we have the audacity  
Speaking out  
'Cos there's no doubt about that

Another critical rhyme Make you wanna look  
Observe it  
It's like a comic book  
Coming from the place  
with the capital B  
I'll let you guess-  
No let me tell you:  
The B and the A and the N and the G and the L and the A  
with a word called Desh  
Sums up the country The word and the place called Bangladesh  
So you never contest  
Yes you thought I couldn't do it  
I'm not a Black man  
This time it's an Asian  
Some fear the white man  
Some fear the Ku Klux Klan  
But they ain't up to no good  
Brother brother, sister sister  
Yes if your miss or if your mister  
Listen to this rap  
It's Asian guys coming correct

Way back in the sixties  
Our fathers, our mothers

They suffered a lot for us  
They couldn't say much  
They couldn't do much  
'cos of the fear of getting beat up  
But now it's the nineties  
We're not babies no more  
You know the score that we live for

Our fathers, our mothers  
They brought us up to be tough  
We don't stand for any bullshit  
We don't give a damn  
Even if you're superman  
Strong culture is what you see in our eyes  
Not just tough guys.

Master D Adlib
