

# Asian Dub Foundation, Tazke Back The Power

See their eyes see their lies  
Unelected rejected it don't matter anyway  
See their smile read their file  
By hook or by crook they always find their way  
Still at the bottom of the learning curve  
Maybe got the leaders that we deserve  
Bitin the burger makes our brains get smaller  
Waistlines getting larger we wanna make it harder  
We gotta be as hungry as they are  
We gotta be as hungry as they are  
Get hungry get angry get hungry and take back the power  
Put your fist in the air rebels here and everywhere  
Do we rise do we fall are we playing truth or dare  
Time dem tought  
Justice rough  
A million on the streets don't seem to be enough  
Taken for a ride way down inside  
Livin rent free within your mind Mercenary military use everything they got  
Coup d'tat make us pay for every shot  
Believe the world they show breathe the air they blow  
Losing sense of what i know is real and what is not  
We gotta be as hungry as they are  
We gotta ba as hungry as they are  
Get hungry get angry and take back the power  
Put your fist in the air rebels here and everywhere  
Do we rise do we fall are we playing truth or dare .
