&lt;/lyrics&gt;

The showers pursue the passing seasons  
They never reach and do nothing  
When will sorrow and even reason become lost?  
It's softly calling me closer

The sound of the rain disappeared and afterwards the silence  
Together with the solitude danced through the night  
When will we and even reason become lost?  
Always  
However I'm at a loss

The final moment has arrived  
If it's a dream I would want to wake up  
Like the moon that searches for a lost person simply shines even today

Feelings transmit through the cheek  
The irony that begins to melt and float  
Because there's a stagnant pool in me  
Even the overflowing feelings don't stop  
The cold world's unceasing pain  
Erased, for instance, by means I didn't know about

The final moment has arrived  
If it's a dream I would want to wake up  
Like the moon that searches for a lost person simply shines even today
