

# Asian Kung-Fu Generation, I'm Standing Here

You're ready all your life,  
I don't know what up to you  
Please remember I'm standing here.

You're ready all your life,  
I don't know what up to you  
Please remember I'm standing here.

Now I just play through my town  
That's only brought so much pain

Now you just go to your friend  
I only know your inside

I'm standing here  
I'm standing here

You can't believe me anyway.  
I go through all I want

Please let me all you want  
Oh, don't get mad, cause

I'll be here

I love you all you want  
Please let me all I want

Oh don't get mad,  
Cause I feel it, let's go in your side

Yes!

So yes!

Now I'm standing here

So now I'm standing here

Now I just play through my town  
That's only brought so much pain

I'm standing here  
I'm standing here

You can't believe me anyway  
I go through all I want

Please let me all you want  
Oh don't get mad

Cause I'll be here.

I love you all you want  
Please let me all I want

Oh don't get mad,  
Cause I feel it

Let's go in your side
