

Asian Kung-Fu Generation, Say No

Dont have an era through the gut. I wanna slip your life
I wonder how I wanna stay in bed, dont spend a gloomy day
Yeah you made me feel like gliding I went for the world out there
I take along with me, you musnt get right back
Yeah you made me feel like gliding I went for the world out there
I take along with me, I take along with me

You say no

Say no
