Understand

Your heart is ajar, I understand that

Don't reject how you were on that twisted day

We are grieving, those memories will disappear with the morning sunrise we go out to meet

I know that it was an accident, those memories will come apart with powerlessness

The light ahead in your muddy eyes does not disappear, on the street corner

It was in your heart, don't get rid of it

I wish for the unseen tomorrow ahead in you, unsounding

Surely, some day...

Your heart is ajar, I understand that

Don't reject how you were on that twisted day

Your heart has no light, but even so I'll wait for tomorrow

Don't let go of my hand

I wish for the unsounding space running through time

Surely, some day...

You cried uneasily, I understand that

Even if the stick thorn won't come out

Those days you cried, shutting yourself away, I understand that

Don't reject how you were on that twisted day
