

# Asobi Seksu, Blind Little Rain

I'm so anxious just to get out  
Forget the cars I need to walk  
Feel the grass under our sneakers  
And save the doubts until it's dark  
The water's not safe to go in today  
Hold the joy but I won't be afraid  
So little red hand in the clouds today  
Laughing while we're covered by the rain  
Ahhh ahhh, ahhh ahhh ahhh, ahhh ahhh, ahhh ahhh  
You never as sad as you're acting  
And my attention's never far  
Let the ocean kiss your ankles  
And save the smiles until it's dark  
For water's not safe to go in today  
Hold the joy but I won't be afraid  
So little red hand in the clouds today  
Laughing while we're covered by the rain  
Ahhh ahhh, ahhh ahhh ahhh, ahhh ahhh, ahhh ahhh  
How to clear the end my head today  
How to clear the end my head today  
Heard the crashing waves ringing clearly in my head today  
Heard the waves ringing in my head today
