

# Asp, Blinded

I stand inside the ruins of my life  
and try to make a picture of the pieces  
Im searching for myself inside myself  
got to get out of here  
I have to get those people out of my head  
Knockin up my brain and cant tear my mind  
Please god help me  
To get out of hell  
To get those people out of my head  
Of my head  
Burnin worms inside my head  
Inside my body  
Callin my name  
Dirty eagles in my skies  
I never was  
Ill never be  
Im insane (3x)

Where in my while  
my while  
Im going insane  
Please let me out of here  
God let me out  
I wanna die  
Let my soul be distant  
Body with a cry  
Can't stop running  
Cant move  
Cant feel  
only pain  
Pain

I never reach the place I want to get to  
I never was allowed to live any dream  
Dirty needles in my wounds  
I never was  
I never be  
Im insane  
Darkness all around me  
Inside my head  
Inside my heart  
Out of my hands  
(Hold my hand...)  
I hurt my body to forget the pain inside  
I make it in the silent  
Burning worms  
inside my head  
Inside my body  
Callin my name  
Dirty needles in my skies  
I never was  
I never bell  
Im insane (3x)

Where in my while  
My while  
Im going insane  
Please let me out of here  
God let me out  
I wanna die  
Let my soul be distant  
Body with a cry  
Cant stop running  
Cant move

Cant feel  
Only pain  
Pain (3x)

Sing Child  
Sing Child  
Sing Child  
Sing .....

Pain.....  
(Where do they go?).....  
On the walls I see them dancing... (wird unzhlige male wiederholt)  
I stand inside the ruins of my life  
It should no wall  
Please god let me out  
Out of hell
