

Ass Ponys, Cancer Show

Hey Jen
It's me again
Tell me, how ya doin'

I know
It's been a year or so
It's like I died or somethin'

The weekend just went by so quickly
And now it's incredibly slow
We're savin' it up for the cancer show

I guess
I'm suited to this mess
To life among the ruins

Call it fate
My call was much too late
Call me good for nothin'

The weekend just went by so quickly
And now it's incredibly slow
If I hadn't acted so badly
You wouldn't have reason to go
We're savin' it up for the cancer show
