

Assassin, Fight (To Stop The Tyranny)

Death, swords and inhuman minds
Control our world
Marxists, nazies and communists steel freedom
From our lifes

Go wild you banging crowd
Destroy there rules of tyranny
What we will stay about life,
When we are living free

Fight for, fight for right!
Fight for, fight for fight
For freedom now!
Fight for, fight for right!
Fight to stop the tyranny!

The masses of people are on the road
And starting riot and strikes
Spending all of their energy to kill
The kings of our world

Fight for, fight for right!
Fight for, fight for fight
For freedom now!
Fight for, fight for right!
Fight to stop the tyranny!
