

# Assassin, Go Insane

I live in the heavens  
Walking on the bright side  
Up and up I go  
Further to the top  
It's another elevation  
My ideas of a peaceful life  
To pick up to pick up  
Don't wanna go insane  
Just don't wanna go insane  
Don't wanna go insane  
The way my mind freaks me  
Let's go  
I am the eternal spirit  
So take what it takes from the wicked  
Going insane the pain does not get away  
The time is ticking  
I find the above solution  
To clear me of all that pollution  
Going insane the pain does not get away  
'Cause I go insane in my brain  
Go insane, go insane, go insane  
Every day I loosen my moral behaviours  
I dance on my profits and your losses  
Going insane the pain does not get away  
The bomb exploded
