

# Assassin, Nowhere Fast

It's kind of cold in here tonight  
staring out  
I want the sunrise to come  
I looked for inspiration  
From above  
But i received none  
How could i be so down  
I have so much  
You know it's really driving me insane  
Just to here her voice  
Next to me  
Although we could never be the same  
(Chor)  
So tell me  
Why do we hurt  
Why do we cry  
Why do we wish it could all be write  
Why do we dream  
Of whats not real  
I just wish she was here tonight  
It was a bad call that she made  
Plane to see  
She did what she thought was right  
I think she knows the bad move  
Was leaving me  
I know she misses me tonight  
I won't forget her  
Or what she did  
I guess that once again i'm born  
But now the Sun is rising  
It's getting light  
At last i've made it to the dawn  
(Chor)  
So tell me  
Why do we hurt  
Why do we cry  
Why do we wish it could all be right  
Why do we dream  
Of whats not real  
I just wish she was here tonight.
