

Assemblage 23, Apart

A riot of indecision
A monument to shame
A walking contradiction
Unwilling to take blame

You'll fall apart
Before all this is through
You'll let the pressure
Get the best of you
Drowning in your shame
Grasping at the air
Make your denials
But you know it in your heart
You'll fall apart

An infant in adult's clothing
A lamb among the lions
A portrait of dependence
And a total waste of time

You'll fall apart
Before all this is through
You'll let the pressure
Get the best of you
Drowning in your shame
Grasping at the air
Make your denials
But you know it in your heart
You'll fall apart

The zenith of ignorance
Total lack of intellect
A tribute to dysfunction
The end of self-respect

You'll fall apart
Before all this is through
You'll let the pressure
Get the best of you
Drowning in your shame
Grasping at the air
Make your denials
But you know it in your heart
You'll fall apart
