

Astrid Van Der Veen, Reborn

And you, walking on your sandals
And you, walking from the cross

No heart, no soul, to believe
No lies, no truth, to follow your name
No heart, no soul, to cry
No one, just you, to lay down

And you, rolling stones away
And you, useless, reason less

No nails, no pain, just alive
A new son, reborn, looking for it's aim
No boy, no girl, to see
No one, just you, on your own

I can't admit I pray secretly
Alive, full-dead, reborn, I lost my sense
Reborn, reborn
Again reborn

No heart, no soul, to believe
No lies, no truth, to follow your name
No heart, no soul, to cry
No one, just you, to lay down

No nails, no pain, just alive
A new son, reborn, looking for it's aim
No boy, no girl, to see
No one, just you, on your own

Reborn, reborn
Again reborn
