

Astrofaes, Necromantical Screams

[Celtic Frost cover]

Necromantical screams
Only you are deaf
Is there life beyond death?

You entreated death, the answer will come
Oebris of faith, even you are false
Immortal morals, catch up with time
Vault of darkness, filled with hate

Deny life, addiction to death
Procession of damnation, expulsion of light
Hazardous ways into the rush
Soul is frozen and flesh is weak

Necromantical screams
Only you are deaf
Intelligence is mute...

Respect and thoughts, buried long ago
Pleading for the end, blind and dumb
We won't feel, there could be more
I will remain alone in the dark

...only you are deaf
