

Astrud Gilberto, Pink House

I wann'a pink house at the shore
I wann'a love that lasts forever more
I wann'a cat and a dog, and a fireplace too
I want the music playing at a barbecue
I wann'a house full of friends and a jacuzzi for two
But, most of all, I want you

I know I want a king-size bed
A tub that's large enough for a bubble-bath
I wann'a white picket fence, and a garden too
An apple tree would be nice, to sit under with you
Some quiet nights for romance and cozy dinners for two
But, most of all, I want you

'Cause your the cherry that sits on top of the cream
You are the lover that stepped right out of my dream
You are the one my one needs to be two
And make a we of me and you

I wann'a pink house at the shore
I wann'a love that lasts forever more
I wann'a cat and a dog, and a fireplace too
I want the music playing at a barbecue
I wann'a house full of friends and a jacuzzi for two
But, most of all, I want you
