

At Dawn They Sleep, Lovelorn

"I'm the pain of the hollow ground,
I'm the morning mist
I'm the leaves of the autumn time,
I'm the wintersun"

Despair of your heart will feed my needs
I need you now, I need your disbelief
Over the crowd will message of the night
hunt for your heart
Will you be mine?

Do you know me? Will you come with me?
Am I the one you've been looking for?
Am I real?
Come with me like a stream, dream along,
Come on
I'll be waiting for you

Do you feel me? Will you abandon me?
Am I the fear you cannot feel?

I'm just the lovelorn girl...

Come with me like a wind, dream along
Forsake your God, forsake yourself...

And at the end I will rule.
