

# At The Drive-In, Coating Of Arms

Substation,  
Submerging.  
Suburban disturbance.  
Incoherent gourding.

Coating of arms.  
They came a knocking paranoia in the walls,  
Where we heard family dying while the band played on,  
I said the band played on.  
Told sky to leave to the east.  
Bay clone.  
(Weren't you taking me to my home.)  
(Are you gonna take me to my home.)  
Weren't you taking me home.

Secret service,  
We deserve this.  
We lost the friends,  
To the pavement.  
Yeah, to the pavement.

Substation,  
Subconscious.  
Well, let's do our William Tell routine.  
(Let's do it.)  
Let's do our William Tell routine.

We're chewing on the goodyear.  
(Yeah.)  
With handcuffs on the wristwatch.  
(Wristwatch.)  
We're chewing on the goodyear  
(Chewing.)  
Let's do our William Tell routine.

(Yeah!)
