

At The Drive-In, Heliotrope

Beneath the residue of film
Beneath the chemicals that the picture split
The ouija board had spelled its name
In tiki torches set aflame
Taking rations from the ballad box
Cursing like sweet tarts
Cursing like sweet tarts

Increase the dosage
Count back from ten
Increase the dosage
Count back from ten

Well it was written down
Touching earth in a capital faunt
Heat seeking
Gums bleeding
Finger snapping at the catacomb stabbing
Taking rations from the ballad box
Cursing like sweet tarts
Cursing like sweet tarts

Adhesive she said
'Don't stick to me'
Adhesive she said
'Please, don't stick to me'
Adhesive she said
'Don't stick to me'
Adhesive she said
'Don't stick to me'

Inseminating motives
Of lukewarm persistence
Let the thieves in through the front door
Let them take what they've been missing
Let them take what they've been missing

Inseminating motives
Of lukewarm persistence
Let the thieves in
Let them take what they've been missing

It's as if
Someone raised the
Price of dying to maximum vend again

Turn slowly for maximum vend
Turn slowly for maximum vend
Turn slowly for maximum vend
Turn slowly for maximum vend

Don't stick to me
Count back from 10
