

At The Drive-In, Winter Month Novelty

bite the hand that feeds
biting off more than you can
are you sure you got the right hand skilled
and all because your left hand spilt...
have you been crying over your spilt milk?
swallow your refils
swallow your refils

the drink of drinks
we drank ourselves to sleep
on the miseltoe concrete
we blank this page with ink
two for flinching when the paper cuts sink
we drank ourselves to sleep cause the paper cuts hurt

sure enough as
burnt myself in cigarette crossfire
sure enough as
my ears kissed the floor just to hear the mouthful
sure enough as
scratch the itch on the tome of your dial
sure enough as
burnt myself in cigarette crossfire
sure enough as

bite the hand the feeds

(have you been crying over your)
the drink of drinks
we drank ourselves to sleep
on the miseltoe concrete
we blank this page with ink
two for flinching when the paper cuts sink
we drank ourselves cause the paper cuts hurt

sure enough as
burnt myself in cigarette crossfire
sure enough as
my ears kissed the floor just to hear the mouthful
sure enough as

(bite the hand that feeds)
more than you can choose
more than you can chew

these paper cuts sure hurt
sure enough as
scratch the itch on the tome of your dial
sure enough as
burnt myself on cigarette crossfire

swallow your refils
swallow your refils
