

At the lake, Wolf's heart

"Wolfs Heart"

I was born and raised by Wolf Mother.

My brothers and sisters knew me as their own.

I was casting in their lot with them,

I've never thought that I'm different.

One evening we were laying in our home,

Suddenly some voice sowed fear's seed in our hearts.

Wolf Mother said to us: "we must escape"

we set off running through night's forest.

Chorus: My wild heart was feeling silence's tremble,

touching eternity with this dark escape.

The Moon was our guide, stars our torches

We were searching for a safer place. (repeat 2 times)

After not a long time of our run,

I felt that my strength was near to end.

I saw an ominous shadow behind us

"Don't look back! keep running!" they screamed to me.

But inside I knew that I was too weak,

"I don't want to give up, but I can't go on!"

Wolf Mother stopped and looked into my eyes,

"Run as fast as you can - it's a Man!"

In this moment I saw a creature like me

In this while I understood where I came from

I was torn apart between two worlds.

The forest was my home but not my nature.

Suddenly a Man held up a strange staff,

Set it to his eye and turned to my mother

I didn't have time to scream coz it...

Painful howl broke the silence and disappeared.

Chorus: Now I am howling to stars and moon

asking why they didn't guide us to a safe place.

I lost what was dearest for me:

friendship and great love of Wolf's heart.
