## At Vance, Crucified

Is it any wonder The spell you took me under I have been a slave to your touch But you stretched the borders too much

Can't you see that I'm thru with you There is nothing left to do Too many words that have been said Don't you realize it's too late

Hate was what you've seed War was on your mind

Stone cold You didn't have no mercy with me Can't you see that I'm boned

I am here and you are there All alone but that's my share This is what you've done to me You have crucified my soul

Now that it's all over And the truth has been told What you gonna do with me You've traded our love for gold

All the glamour that you own Ain't worth nothing when you're alone Is this really where you wanted to be Here's the truth for you to see

Hate was what you've seed War was on your mind

Stone cold You didn't have no mercy with me Can't you see that I'm boned

I am here and you are there All alone but that's my share This is what you've done to me You have crucified my soul
