

# At Vance, Only Human

On and on you keep telling me lies  
But what does it take to make your more wise  
Take a look at the things we've done  
Together we were strong when it all began  
When we thought that we could conquer it all  
No mountain to high nothing too tall  
Why is your fire burning so low  
Did you lose all your faith  
Did you forget 'bout the dreams that we had  
I can't bear your mistakes and that's driving me mad  
Nowhere to go and nowhere to hide  
Two hearts as one i'm still willing to fight

So do you believe in the force of our love  
Why don't you lend me helping hand

Only human - I am only human  
Why must you be fooling  
Cause i gave you my heart and my soul

Did you expect me to pay all your dues  
Why did you gamble whit all we had to lose  
Now that we're lost and the sky's closing in  
We ruled a game that we couldn't win  
Building a castle whit our sweat and our blood  
Stone after stone and our clothes stained whit me  
Mud  
Noting to hard and our forces unite  
But we've torn apart and we've killed our light  
What about all the dreams that we had  
Why did you trade in the good for the bad  
Wasn't it worth to take hold of the flame  
You turned away but what was your aim

I still believe in the force of our love  
Why don't you lend me helping hand

Only human - I am only human  
Why must you be fooling
