

Atargatis, Riven

Why is your mind
So divided and blind?
Whatever's facing me
Is a dark reality
You hold in one hand
Such a promising fate
But your other hand
Hides a disillusioned hate
You're riven inside
You're torn into fire and ice
Your soul, it screams
A fever's smouldering
But it can't enlight
Your heart that's frozen to ice
Your cold eyes
Show no feeling inside
All they say to me
Is lost in eternity
You're riven inside
You're torn into fire and ice
