

# Atari Teenage Riot, Death Star

I feel like a death star - Abused by control - Grey - Without any emotions  
Pull me into the right direction and I will kill you !  
I capture a thousand lives  
I wait for instructions I can't wait !!!!  
Blow me away !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!  
I only destroy to demonstrate my powers  
Born to observe the confusion  
Your fear is my freedom - And I eat you alive...  
My mistakes are too complex for you to understand !  
For you to fight...  
I bring the light !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!  
No one survived my shadow - ever !  
When I need you - I start protecting you.....  
My love gives you life  
A death star  
I am your death star...  
You can't wait to blow me away !!!!!!!!!!!!!!!
