

Atari Teenage Riot, Death Star

I feel like a death star - Abused by control - Grey - Without any emotions
Pull me into the right direction and I will kill you !
I capture a thousand lives
I wait for instructions I can't wait !!!!
Blow me away !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
I only destroy to demonstrate my powers
Born to observe the confusion
Your fear is my freedom - And I eat you alive...
My mistakes are too complex for you to understand !
For you to fight...
I bring the light !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
No one survived my shadow - ever !
When I need you - I start protecting you.....
My love gives you life
A death star
I am your death star...
You can't wait to blow me away !!!!!!!!!!!!!!!
