

ATB, Could You Believe

Disarm, fallout

Yea there's something that knowing and knowing something's what it's all about

So come on, stand out

'Cause running and running is turning something into knowing, lookout

Could you believe, you believe (Don't stop looking, yeah)

Could you believe, you believe (Don't stop, yeah)

Could you believe, you believe (Don't stop looking, yeah)

Could you believe, you believe (Don't stop, yeah)

Just around the corner everything is shining gold

A new kind of soldier looking for a lot of soul

Oh yeah

Just around the corner everything is shining gold

A new kind of soldier looking for a lot of soul

Oh yeah

This time, your life

Fractions and seconds make eternity in just one night

So come on, stand out

'Cause running and running is turning something into nothing, no doubt

Could you believe, you believe (Don't stop looking, yeah)

Could you believe, you believe (Don't stop, yeah)

Could you believe, you believe (Don't stop looking, yeah)

Could you believe, you believe (Don't stop, yeah)

Just around the corner everything is shining gold

A new kind of soldier looking for a lot of soul

Oh yeah

Just around the corner everything is shining gold

A new kind of soldier looking for a lot of soul

Oh yeah

Could you believe, you believe (Don't stop looking, yeah)

Could you believe, you believe (Don't stop, yeah)

Could you believe, you believe (Don't stop looking, yeah)

Could you believe, you believe (Don't stop, yeah)
