

ATB, Love Will Find You

I believe it's all inside you
All the answers
Strip it down and see the light come
Through the crowd
I believe it takes a moment
just to know it
listen to the wind
Let go of the fear
Let go of everything
Let go of it's realm
Love will find you
There you go you're down again
disbeliever
Hoping for a way to get through
desire
Everything in life is shown you
it's so easy
Listen to the wind
Let go of the fear
Let go of everything
Let go of it's realm
Love wil find you:]
I believe it's all inside you
all the answers
Strip it down and see the light come
Through the crowd
I believe it takes a moment
just to know it
listen to the wind
Let go of the fear
Let go of everything
Let go of it's realm
Love will find you
