

ATC, Let Me Come and Let Me Go

ATC

Planet Pop

Let Me Come and Let Me Go

If want me to knock you up

Show what I'm about

Then hear what I am saying

I know that you've been here before

you say that you know the score

but thats not how I'm thinking

Bridge:

Freedom is what I'm for my ???

And love is the sun

You won't see me begging on my knees

But your still the one

Chorus:

Let me come and let me go

Cause I want you to know

That I will never leave you

If you never let me down

I'll always be around

Let me come and let me go

Take me further inside the door

Make me give you more

Got to learn to play me

And you can cover up my eyes

And God I'm not suprised

Thats not the way to tame me

(Bridge)

(Chorus x2)

You won't see me begging on my knees

(Chorus x2)
