Atc
Planet Pop
My Heart Beats Like A Dum
I close my eyes
Close the door
I won't worry anymore
I've been waiting for you
Everyday and everynight

Cut the light
Let it fade
I don't wanna be afraid
I've been waiting for you

Tonight it is right
Stars shine bright
I just really wanna be with you
I celebrate pray for the day
When all my wishes will be coming true

My heart beats like a drum like a drum
Dam dam dam - dam dam dam
And my feet step the beat like a drum
Dam dam dam - dam dam dam

I think of you everyday
I've been waiting for a call
Just the sound of your voice
Anytime and anyway
Dream of you since that day
When i saw you the first time
At the heart-rock-cafe

Tonight is bright
Stars shine bright
I just really wanna be with you
I celebrate pray for the day
When all my wishes will be coming true

My heart beats like a drum like a drum...

I close my eyes close the door
I won't worry anymore
I've been waiting for you

And my feet step the beat baby...

Chorus...
