

Athenaeum, Just Like You

Just Like You

I want to see the world through your eyes
And know exactly what it's like to be with me
I want to know the world through your mind
'Cause I've been missing out on something
I know I want to find
And it's so hard to be alone
When you're the only one that ever knows
And it's so hard to be alone
When you don't even know who I am
And I want to be
Just like you
Take my life just like a book
And fold it in two
And I want to know
How it feels to be you
When my life is so uncertain
And I don't know what to do
I'll just be you
