

# Athenaeum, Mistake

Listening to teachers is bringing me down man  
I thought they'd have much more to say  
But on with my knowledge they sent me through college  
I never had much of a say

But when I go  
It's a big mistake  
'Cause they can't teach me anything  
I won't learn anyway

Listening to teachers won't turn me around  
They fill me with things I won't use  
When they have the power to turn us into  
Whatever kind of people they choose

But when I go  
It's a big mistake  
'Cause they can't teach me anything  
I won't learn anyway

It's a big mistake
