

# Atlantic Starr, Let's Get Closer

Closer than close, well  
Closer than most  
I just see so much in you  
And I want a better view  
I want to look deeper into you, yeah  
Let's get closer, well, well  
Closer than close  
Let's get closer  
Closer than most, well, yeah  
Totally involved, well  
You make my whole world revolve, yeah  
Well, it feels so right  
And I know I'm hooked for life  
Infinite, endlessly, yeah  
If you wanna know how long our love will last  
This universe will pass, baby, yes, it will  
Oh, that's how long, that's how strong  
I'll be lovin' you, baby  
Let's get closer, hey, hey, yeah  
All wrapped up in love, baby, baby  
Well, I know I can't recall  
When I wanted to give my all  
All of my love, yeah  
Let's get closer, mmm, yeah  
Closer than close  
Let's get closer  
Closer than most  
Yeah, yeah, ooh, ooh  
Mmm, yeah  
If you wanna know how long our love will last  
This universe will pass, baby, yes, it will  
Oh, that's how long, that's just how strong  
I'll be lovin' you, baby  
Let's get closer, closer, well  
Closer than close, mmm, hmm  
Let's closer, so much closer, baby  
Closer than close, mmm, hmm  
Let's get closer, oh, mmm  
Closer than close, so close  
Let's get closer, I just see so much in you  
Closer than close, and I want a better view  
Let's get closer, oh yeah  
Closer than most, closer, closer, closer  
Let's get closer, hey, hey  
Closer than close, closer, yeah  
Let's get closer, oh, closer than close
