A simple touch of your hand,
And everything is right.
The gentle way you look at me,
When we kiss goodnight.
You've given me the freedom no other love has known
And now I thank you girl , thank you girl

The countless ways you've touched my heart Is more than I can say
The beauty that you've shown to me takes my breath away
A picture perfect painting, that's what our love is And yes I need you so, and now I know

Chorus:

ooooh
I've found a masterpiece in you
a work of art it's true
And I treasure you my love
ooooh
I've found a masterpiece in you
a work of art it's true
And I treasure you

Sometimes I wonder what I'd be Had I not found you A least and lonely soul this world could show me nothing new

But now my life's a canvas painted with your love And it will always be And now I see

The gentle walks together
Through time will never pass
This fairy tale we shared
is real inside our hearts
let it be forever
never let it end
this promise I can make
Heaven is ours to take

Repeat chorus

When I'm lost and insecure you build me up and make me sure that everything will be alright My love

Repeat chorus

(This fairy tale we're sharing is real inside our hearts Let it be forever never let it end)
