

# Atom And His Package, Waiting Room

[Originally by Fugazi]

I am a patient boy  
I wait I wait I wait I wait  
My time is water down a drain  
Everybody's moving, everybody's moving  
Everybody's moving, moving, moving, moving  
Please don't leave me to remain

[Chorus]  
In the waiting room  
I don't want the news  
I've got no use for it  
I don't want the news  
I'm not a part of it  
Sitting outside of town  
Everybody's always down  
Tell me why...  
Because they can't get up

But I don't sit by idly  
I'm planning a big surprise  
I'm gonna fight for what I want to be  
and I won't make the same mistakes  
Because I know how much time that wastes  
Function is the key

[Repeat Chorus]
