

Atomic Kitten, Don't Let Me Down

I've been thinking about it lately, tired of being at home
Waiting as I watch the world go by
Are you thinking about me to boy or am I all alone
Better answer soon there's no more tears to cry
Wont you live my life completely and I'm willing to fight so please hear me

Chorus

You're my earth and you're my sun
But you don't know what you've done
You're my moon and you're my night
But you still hold her tight
And I don't know how we got here
But I really want to go
If you asked me to stay I would
But don't let me down (again), don't let me down again

Your love drives me crazy, I wish I was alone
But I hear it has her in a spin as well
And I don't know why you go there
But I wish I hadn't been trippin on your sordid little scene
Well it proved me right completely
Now give me back my life please hear me

Chorus

Don't let me down (don't let me down, don't let me down again)
Don't let me down (don't let me down, don't let me down again)

You'll never ever know, how much I loved you so
You played me for a fool and baby that ain't cool
Two women and a man, was that always your plan
Cos that ain't how its gonna be with me

Chorus

Don't let me down (don't let me down, don't let me down again)
Don't let me down (don't let me down, don't let me down again)
Don't let me down (don't let me down, don't let me down again)
Don't let me down (don't let me down, don't let me down again)
