

Atomic Kitten, If You Come To Me(Real)

So long ago
I didn't have a care about me
I didn't know my right from wrong
But now I know
That you got your love around me
And you know it makes me feel so strong

Baby if you turn around
And prove to me its real
Maybe we can work it out
Cos this is how I feel

Do you know where you go when you give it all away
I'll be there for you, care for you
Love you everyday oh baby
And do you feel the same for me?
Everyday all the way
When I feel a little low
I would cry for you, die for you
Just to let you know oh baby
And if you come to me you know I'll make it right

Through all my life
I never thought I'd have somebody
Someone to call my own
And now I've found
A little bit of heaven baby
A place to call my own

Baby if you turn around
And prove to me its real
Maybe we can work it out
Cos this is how I feel

Do you know where you go when you give it all away
I'll be there for you, care for you
Love you everyday oh baby
And do you feel the same for me?
Everyday all the way
When I feel a little low
I would cry for you, die for you
Just to let you know oh baby
And if you come to me you know I'll make it right

baby dnt u know u gotta slow down
b4 u know u gotta break down
and turn around before you know
you go and break my heart
when will you learn to be a little helpfull
and you think off me a little careful
when your close to me
because baby i loved you from the start

Baby if you turn around
And prove to me its real
Maybe we can work it out
Cos this is how I feel

(i love you baby)
Do you know where you go when you give it all away
(where you go)
I'll be there for you, care for you
Love you everyday oh baby (i would cry)
(i would die)And do you feel the same for me?

(i love you baby)
Everyday all the way (where you go)
When I feel a little low
I would cry for you, die for you
Just to let you know oh baby (i would cry)
(i would die) And if you come to me you know I'll make it right
(i love you baby)
Do you know where you go when you give it all away (where you go)
I'll be there for you, care for you
Love you everyday oh baby (i would cry)
And do you feel the same for me?
(i love you baby)
Everyday all the way (where you go)
When I feel a little low
I would cry for you, die for you
Just to let you know oh baby (i would cry)
(i would die) And if you come to me you know I'll make it right
