

Atomic Tom, Take Me Out

1. If I was
Bold enough
I would
Follow you forever
But
Darling please
Rescue Me..
 ..Take me out..
Some may say
It's My fate
Am I
Just in time
Os am I late?
If you can understand then..

Ref.
Take me out!
I don't Start
I don't End
I don't change on My own
Take me out!
I don't lose
I don't win
I don't do weel alone (alone alone alone)
Love is what you make it
Take my heart and break it
Take me out!
I don't want to stay home.

2. You make me dread
Make me sweat
But can you
Make love mean something instead?
Something real
Make me feel
Then..

Ref.
Take me out!
I don't Start
I don't End
I don't change on My own
Take me out!
I don't lose
I don't win
I don't do weel alone (alone alone alone)
Love is what you make it
Take my heart and break it
Take me out!
I don't want to stay home

3. ..I don't want to stay here
I don't wanna live half my life
and disappear
So if you wanna take chances..
Take a chance on me
Then..

Ref.
Take me out!
Take me out!
Then..
Take me out!
I don't Start
I don't End
I don't change on My own
Take me out!
I don't lose
I don't win

I don't do weel alone (alone alone alone)
Love is what you make it
Take my heart and break it
Take me out!
I don't wanna to stay home
..I don't wanna stay.. x20
..home..
..Take me out.. x4
Oooh oooh oooh..
