

# Atozzio, A Break

(Oh, oh oh oh. Oh, oh oh oh. Oh, oh oh oh. Oh, oh oh oh)  
I thought I was ready to be involved  
I should've said something long ago.  
It was easier said than done (Noo)  
I didn't think it would get this far, I was trying to break it off.  
But everytime you said you loved me, it got harder.  
I really wanna love you girl. (Yeah)  
You know that it's true indeed. (Yeah)  
I've come to a conclusion on what it may be.  
It's not you, it's me; that's why we fight constantly  
I can't lie to myself cause I thought I knew me well.  
It's not you, it's me; you cater to all my needs.  
Always giving me so much and it's just never good enough.  
It's not you, it's me. It's not you, it's me. It's not you, it's me.  
(Oh, oh oh oh. Oh, oh oh oh. Oh, oh oh oh. Oh, oh oh oh)  
I kept trying to throw your hands at every argument?  
When I would tell you I don't care if you leave, I'll help you pack your bags.  
I purposely girl pull you down, hoping that you'd walk out.  
Then you cried and I apologized, that I can't try this out no more.  
I really wanna love you girl. (Yeah)  
You know that it's true indeed. (Yeah)  
I've come to a conclusion on what it may be.  
It's not you, it's me that's why we fight constantly.  
I can't lie to myself cause I thought I knew me well.  
It's not you, it's me, you cater to all my needs  
Always giving me so much and it's just never good enough.  
It's not you, it's me.  
Baby I took you to hell and back  
With all of my effort shown, issues & heavy thoughts?  
Still you stuck by me, girl I realized that I was wrong.  
How I kept leading you on, if it means anything...  
[x2:]  
... It's not you, it's me that's why we fight constantly.  
I can't lie to myself cause I thought I knew me well.  
It's not you, it's me, you cater to all my needs.  
Always giving me so much and it's just never good enough.  
It's not you, it's me.  
(Oh, oh oh oh. Oh, oh oh oh. Oh, oh oh oh. Oh, oh oh oh...)  
(It's not you it's me, it's not you it's me)
