

Atozzio, Drowning

(feat. Kalenna)

(What would the music be without SoundZ)

(I'm feeling the same way you feel)

(Wat'up... This is the real king You're listen to a press play exclusive)

I found myself stuck in the bottle.

Nothing to loose.

And there you go with your drinking.

That's your best attribute

The more shots I take The more I don't listen to ya.

That's okay. I'll say it again in the morning.

Why keep putting myself through this? I just don't know.

Tryna keep this love and relationship afloat.

If I'm holding my breath

How come I can't let this go...

I'm sinking deeper.

[Chorus:]

Feels like...

I'm drowning, drowning.

Wanna come up for air.

I'm drowning, drowning.

Suffocating myself.

As long as you're here with me, the harder it is to leave.

I'm drowning, drowning.

Drowning.

Everyday another issue. Trying to resolve.

Which equals another problem

You say I'm the cause of

Now I'm stuck by these four walls

I can't call home

Well I'm tired of you blaming me for all yourpast wrong?

Why I keep putting my self through this? I just don't know.

I'm tryna keep this love and relationship afloat.

I'm trying to hold my breath, can't let go.

I'm sinking deeper.

Drowning, drowning.

Wanna come up for air.

I'm drowning, drowning.

I'm suffocating myself.

As long as you're here with me, the harder it is to leave.

I'm drowning, drowning. Drowning.

[Chorus:]

Feels like I'm...

Drowning, drowning.

Wanna come up for air.

Drowning, drowning.

I'm suffocating myself.

As long as you're here with me, the harder it is to leave.

I'm drowning, drowning.

Drowning.
