

# Atrocity, Bloodlust (Undead Trance)

Atrocity  
Miscellaneous  
Bloodlust (Undead Trance)  
I remember the night  
Sitting in the dark  
The battle was won  
But lost my love

I left the light side  
Chosen the dark  
Sworn another solemn  
At fullmoon bark

Walking through the centuries  
A pathless path  
Symphonic bloodlust  
On this funeral march

My innerself  
Is drifting in a red sea  
Bizarre and sweet  
b.l.u.t.!!!

b.l.u.t. - you are my beauty

Bloodlust, undead trance  
Bloodlust, undead trance
