

# Atrocity, Gods Of Nations

I'm the God of Gods ruler in the sky  
I control Gods and Man the ancient of all days  
The call me God of Ocean I dominate the seas  
Earthquakes show my anger without boundaries

Catastrophes Unseen force Ancient Gods Almighty powers

Born into primal chaos  
Fallen from the black skies

We are the Gods of Nations the world belongs to us  
From the hills into the oceans we are Gods of Dawn and Dusk

I am the God of Dead I rule the underworld  
I bring eternal wisdom I show mankind its' fate  
When I look into the sky there's no light I see  
Only death and misery the twilight of the Gods

Endlessly Eternally Reign on earth Our destiny

Born into primal chaos  
Fallen from the black skies

We are the Gods of Nations the world belongs to us  
From the hills into the oceans we are Gods of Dawn and Dusk

We are the Gods of Nations  
We are the Gods  
We are the Gods of Nations  
We are Gods of Dawn and Dusk
