

Attack Attack!, The People's Elbow

Oh the Blood, Oh the Blood, Oh the Massacre

Your love will run and hide
And leave me on my own
The true ones will fall
So hard baby
And that's why this hurts

I always thought that you would be the one
So baby just give me the chance
I always thought that you would be the one
So baby just give me the chance

This is the last chance you get what you want,
And I'll never be the one to turn on you,
And I get what I want, and I said,
I'll do anything, anything for you

I've torn apart this possibility
From one night stands
You give it away for just one night
I give you all I had

I always thought that you would be the one,
but baby just give me a chance.

Oh the blood, oh the blood, oh the massacre
