

# Attak, Demon

The demon in me will rise again  
And I feel the power and I feel the pain  
Under pressure gotta get away  
Gotta break away I'm not here to stay  
The demon in me has rose again  
And I like the power and I like the pain  
Stand the pressure gonna take away  
Your right to live your right to stay  
Keep the rules stay by Satan's laws  
Reach from hell with powerful claws  
Distorted view through bloodshot eyes  
Another sacrifice and someone dies
