

# Audio Adrenaline, Are You Ready For Love

Broken widow  
And fatherless child  
I've turned my back on you  
I missed the point here  
I over analyzed it  
Somewhere I missed the clues

Are you ready for love?  
Are ready for real emotion?  
Are you too comfortable to join the revolution?

Oh, this love is revolutionary  
When it's inside of you  
It's just so simple  
I never realized it  
I never had a clue

I fall down  
I fall down to my knees  
Fall down and weep  
With joy
