

Audio Adrenaline, Undeclared

Like a band of gypsies we go rollin' down the highway,
I've come a long way ridin' with my friends.
They stand beside me when the world's not goin' my way,
We may be losers but we're winners in the end!

[Chorus]

We are, undefeated, and we're, still believin' in the one thing that has gotten us this far!
And we, can't be beaten, and we're, standin' on the shoulders of the ones who went before us, and
fighting back with love!

Trouble always finds me,
everywhere that I go,
A cloud above me like a kite up on a string.
Here in the valley, they valley I know,
There is a mountaintop where I can stand and say,

[Chorus]

Love, come closer! [x3]

[Chorus]

Undefeated...
Fighting back with love!

Undefeated...
We're fighting back with love!

Undefeated...
We're fighting back with love!

Undefeated...
We're fighting back with love!!!
