

# Audio Playground, Emergency (Feat. Snoop Dogg)

Rock the party like  
Rock the party like  
BIG SNOOP DOG  
Rock the party like  
AP let's go!

I've closed the door  
Can't take no more  
Why you're rushing for, my baby?  
I just ignore  
The things you said before  
Time to set the score  
My baby slow down  
'Cause I don't follow  
Your ego's leaving ground  
Like there's no tomorrow  
Baby slow down  
'Cause I don't follow  
You're ego's leaving ground  
Ground, ground, ground

We're having an emergency  
Go call the paramedics cause I'm losing it  
The girl has gone insane and now she's losing me  
We're nothing like we used to be  
Used to be, no!  
We're having an emergency (emergency)  
Woah! Woah!  
Emergency  
Woah! Woah!  
Emergency (rock the party like)

The engine's dead  
The words you said  
You're in the danger zone (danger zone)  
My baby  
We're closing up  
I caught your bluff  
Now we're on our own  
My baby, slow down  
'Cause I don't follow  
Your ego's leaving ground  
Like there's no tomorrow  
Baby slow down  
'Cause I don't follow  
You're ego's leaving ground  
Ground, ground, ground

We're having an emergency  
Go call the paramedics cause I'm losing it  
The girl has gone insane and now she's losing me  
We're nothing like we used to be  
Used to be, No!  
We're having an emergency (emergency)
