

Audioslave, Better Bomb

BETTER BOMB

Written by Chris Cornell

long days and nights you fought for truth
got to hand it to you
uprising paid for in blood
only to lose
we're gonna hang you up
you've got bells but
we got the whip
we got a better bommb
we got the whip
we got the whip
we got a better bomb
we got the whip
we got a better bomb
we got the whip
we got the whip
we got a better bomb
heartache and stuff is all you've known
slaves since your youths
and only one life to bargain with
and erase your miss-do
we're gonna string you up
you've got balls but
we got the whip
we got a better bomb
we got the whip
we got the whip
we got a better bomb
we got the whip
we got a better bomb
we got the whip
we got the whip
we got a better bomb
fearless now in the face of death
there with a smile
braving the fight until the end
i know i will never be like you but
we got the whip
we got a better bomb
we got the whip
we got the whip
we got a better bomb
we got the whip
we got a better bomb
we got the whip
we got the whip
we got a better bomb
