

# Audioslave, Drown Me Slowly

I've got a will this time don't care what you say  
I've got a feeling this will all go away  
It's in the wind this time it's in the southern sky  
I can't walk on water yet won't even try

[Chorus]  
So drown me slowly  
Enclose me  
Drown me slowly alright  
Drown me slowly  
Enfold me  
Drown me slowly

All that I took with me was a bad taste in my mouth  
Went all around the world just couldn't spit it out  
Just like ground zero was the surface of the sun  
That's a sickness I can't fix it not all at once

[Chorus]  
So drown me slowly  
Enclose me  
Drown me slowly alright  
Drown me slowly  
Enfold me  
Drown me slowly

Don't let them take you down  
You'll leave a better world than you found  
Don't let them take you down  
You'll leave a better world than you found  
Don't let them take you down  
Don't let them take you down  
Don't let them take you down  
Don't let them take you down

[Chorus]  
So drown me slowly  
Enclose me  
Drown me slowly alright  
Drown me slowly  
Enfold me  
Drown me slowly

Drown me slowly  
Drown me slowly  
Drown me slowly
